## REQUEST FOR CONSULATE ATTACHES' RECALL

Captain Boy-Ed and Von Pape, Naval Attaches, Likely to Be Sent to Germany Through U. S. Action.

BOTH ARE CALLED  
PERSONA NON GRATA

Other High Officials of Foreign Embassies May Be Effected By Similar Action; Believed Good Time to Act.

WASHINGTON, Dec. 3.—Announcing a request for the recall of Captain Boy-Ed and Captain von Pape, naval and military attaches, respectively, Secretary Lansing stated that they had rendered themselves persona non grata to the United States by improper activities in connection with military and naval affairs. It is understood the President approved of Lansing's action. The request was made three days ago through the German ambassador.

The announcement was withheld as a matter of courtesy, also to prevent the charge that the jury in the Hamburg-American case had been influenced in reaching their verdict. It is taken for granted that the ambassador will order his attaches away as soon as he exchanges communications with Berlin. It is known that the State Department is considering the case of the Austrian consul general von Numb, who has been mentioned in connection with activities which the United States disapproves. Probable action is not decided.

It is intimated that the State Department is considering whether steps should be taken regarding other high officials of foreign embassies in Washington. The complaints against von Pape and Boy-Ed are peculiar. The case consists of an accumulation of suspicious circumstances and conditions which connected the attaches with attempts to violate the neutrality of the United States. Accumulation of evidence was sufficient to convince the Department that the official status of the attaches in the United States should be discontinued.

There is much official speculation upon the effect of the action on German public opinion. It is stated that information on this subject will be awaited with interest. It is understood that while nothing was proved against Boy-Ed in the Hamburg-American trial, in view of the attention the case had attracted, the officials are determined that this is a good time to get both out of the United States. Von Pape's offense consisted in sending a letter to Germany by Archibald and the interest he is said to have had in fomenting munitions strikes.

**CLARK WINS OVER POMERENE.**  
WASHINGTON, Dec. 3.—Pomerene was supported by members who urged against the re-election of Clark because of his revolt against the ship purchase bill in the last session. The Republican senators will confer Monday. It is expected they will reelect Senator Gallinger, New Hampshire, chairman of the conference and minority leader.

Senator Clark was chosen for president pro tempore of the Senate by the Democratic caucus late tonight. He defeated Senator Pomerene of Ohio. The caucus tomorrow will take definite action regarding the cloture recommendations.

**CHARGED WITH PATRICIDE.**  
LONGMONT, Colo., Dec. 3.—Renzel Dickens was arrested in connection with the death of his father, William, an aged banker killed when shot through the window. The arrest followed the funeral which the son attended. Detectives found pieces of a high powered rifle and silencer, hidden in various parts of the garage. They say the son boasted the rifle months ago. The son protested his innocence. He claimed he was home with his wife and children at the time of the shooting. It is reported he lost heavily in the cattle business last year.

**DEPUTIES PASS BILL.**  
PARIS, Dec. 3.—The government's bill providing for the fixing of prices of the necessities of life passed the Chamber of Deputies with only one dissenting vote. It goes to the Senate for ratification.

### BUSINESS BOOMING

NEW YORK, Dec. 3.—"Sold for many months to come" is the condition reported by numerous industries, according to Bradstreet's weekly review. There are complaints of inability to get supplies. The steady demand for immediate shipments corroborate the reports of depleted stocks and widespread conditions. The iron and steel trade is leading. The mills are unable to supply the demands despite their augmented capacity.

## CLINTON MURDER CASE BEFORE COURT

Fifteen Prospective Jurors in Trial of Ed Scarborough Have Been Secured; Jury May Be Completed By This Evening.

TOMBSTONE, Dec. 3. (Special).—The case of the state vs. George Edward Scarborough, charged with the killing of John Clinton last summer, was begun in the Superior Court this morning. The defendant was allowed to withdraw his plea of not guilty for the purpose of presenting a demurrer to the information which was overruled by the court. The defendant then was arraigned and entered a plea of not guilty again. The clerk then called the names of twenty-nine jurors into the box and they were sworn on their voir dire.

The first juror examined was J. P. Duke, of Lowell, who, after some examination, was passed by both sides. W. C. Brown, of Wilcox, was next on the list and he was also passed. Frank Ballard of Lowell was next called and his examination took up considerable time, and an objection was made by the counsel for the defense on the manner of the examination. By the court attorney and the court declared a recess to look into the matter and after a short time the examination was resumed, the objection of the counsel being sustained. Ballard was challenged by the defense but the challenge was resisted by the state and the challenge denied by the court. This took up the time of the court up to the noon hour.

After the noon recess the following were examined and passed up to the time of the next recess: C. L. Wilson, Robert C. Reynolds, E. N. Gordon, William Ewing, Gus Haigler, J. N. Gaines, Harry Eckerman, E. E. Hewitt, W. H. Holcomb, Owen Williams, C. T. McLeod, F. M. Gordon.

It is now expected that the jury will be secured by tomorrow evening and the first witness in the case will be called Monday morning. In the examination thus far, there has been no jurors excused for cause or none disqualified on account of having conscientious scruples regarding the fixing of the death penalty and the majority of them gave their views of what constituted a case of murder in the first degree and in which the death penalty should be fixed.

**Other Court News.**  
In the case of the State vs. Ed Cox, the defendant was brought into court and arraigned and entered a plea of not guilty. He is also charged with the murder of John Clinton, and the case is set to follow that of Scarborough. He has been summoned as a witness for the state in the Scarborough case. A special venire of eight more jurors were qualified, among whom are the following: Adrian Gandy, D. M. Lemons, William Franklin, Edwin Boyd, W. E. Tester, E. E. Hewitt, G. B. Boll and John Mohr. Boyd was excused on account of sickness.

In the case of Leroy Malone Chesner vs. Myrtle Chesner, an order was entered dismissing the case at the plaintiff's costs.

In the case of Margaret J. Barber vs. Ernest C. A. Barber, the application for a restraining order will be granted upon the plaintiff filing a bond in the sum of \$1,000.

Sentence has not yet been pronounced in the Messenger case and will probably not be done for several days yet. It is understood that when the time arrives a motion for a new trial and other motions will be made and if they are denied, notice of appeal will be given.

There has been no further move made in the Aaron case and no word has been received here as to whether or not the application for a writ of habeas corpus had been applied for in Tucson today or not. Aaron was very bitter last night in his denunciation of the witnesses who testified against him as well as the jury that found him guilty. The case will no doubt be appealed.

**Capture More Bootleggers.**  
Sheriff Harry Wheeler returned last (Continued on Page Eight.)

## FORD'S PEACE PLAN NOT WELCOMED ABROAD, WASHINGTON HEARS

Left to right: Mrs. Rosika Schwimmer, Mrs. Ethel Snowden and Henry Ford on way to White House where Ford enfolded his peace plan to President Wilson.

LONDON, Dec. 3.—(Special).—Henry Ford's peace plan, which he laid before President Wilson last week and which he hopes to lay before the crowned heads of Europe before Christmas, has met with a chilly reception in the capitals of Europe, according to information received by official Washington.

"An advertising scheme," is the general verdict pronounced by the London press, which told the story of the Detroit man's projected peace cruise under these headlines: "Pro-German Peace Cruise."—London Standard.

"Ford's Atlantic Joyride," London Telegraph.

"Punny Mr. Ford,"—London Evening News.

"Ford Cranks," London Sketch. Berlin papers are as sarcastic as

those of London. They declare that the United States is unfriendly to Germany, and no peace move originating in America can be taken seriously by Germany. Germans do not believe the war is anywhere near its end.

In the meantime, Ford and his co-workers are not dismayed and are busy with their plans to end the war. "English men and women in the trenches on the other side helping to crush Hungary," said Madame Rosika Schwimmer, herself a Hungarian, who will probably accompany Ford on his peace cruise. "That is how earnestly I feel about this awful war."

"Some of the colors on whom I, together with Miss Jane Adams and others, called trembled with emotion and some of them cried. They had lost sons and other dear ones. Their hearts were breaking too."

"Hundreds of British soldiers, some in my own family, have told me personally that they were going to war to stop war for a time. The people of the warring nations have no quarrel with each other, except as it war artificially created by interested parties."

"If the crushing of Hungary would stop the war, and I could know it certainly, I would be found in the trenches on the other side helping to crush Hungary," said Madame Rosika Schwimmer, herself a Hungarian, who will probably accompany Ford on his peace cruise. "That is how earnestly I feel about this awful war."

"Some of the colors on whom I, together with Miss Jane Adams and others, called trembled with emotion and some of them cried. They had lost sons and other dear ones. Their hearts were breaking too."

## FORD PEACE SHIP SAILS TODAY FOR EUROPE

Henry Ford Announces That Nothing Will Stop the Sailing of the Oscar II and Its Roster of Peace Advocates.

NEW YORK, Dec. 3.—Henry Ford emphatically declared that nothing would stop the sailing of the peace ship, Oscar II, from Hoboken tomorrow. She will carry one hundred, and forty, who are guests of the Ford Peace Expedition, going in an effort to induce neutrals to take steps toward stopping the war. The first stop will be at Christiania, Norway. The party will formulate plans for the movement enroute.

The party includes sixty three directly interested in the peace movement, fifty four reporters, newspaper men and magazine writers, three moving picture men and Ford's personal staff of twenty.

After consulting Bryan, who arrived from Florida to discuss the trip, Ford announced everything was in readiness for the departure. Passports have been obtained by almost all of the party. Bryan repeated his statement that he approved the movement and would join the party at The Hague.

The party will visit Christiania, Stockholm, Copenhagen and The Hague and probably other European capitals as progress of the peace plans seem to require. Ford stated the guests were invited for six weeks, but the time might be extended. He stated he intended to personally remain in Europe, even after his guests return to America, "until peace had been restored."

**TO VICTORIA.**

SEATTLE, Dec. 3.—The Hokkai Maru, which is returning from sea, is heading for Victoria, where it is expected to arrive tonight, according to advices from Cape Flattery.

It is presumed the vessel is going to the shipyards at Esquimalt, near Victoria, the first plant available. The ship is under charter to the Robert Dollar company. The cargo consists largely of knocked down steel cars and copper consigned to the Russian government.

**MONASTIR OCCUPIED.**

PARIS, Dec. 3.—A Havas Agency dispatch from Athens says: "Monastir was occupied at three this afternoon."

### THROUGH RAIL SERVICE

LAREDO, Dec. 3.—For the first time in many months the National lines of Mexico and the International and Great Northern exchanged cars without the customary bond of \$1,000 for each. Arrangements are being made for through sleeper service from the United States to Mexico City. Passengers from Monterey reported that Villa soldiers have recaptured Pinar. Carranza is at Monterey and will probably go to Saltillo next.

## BULGARIANS MAY TRY TO CRUSH THE ALLIES

Teutons Occupy Monastir; When Weather Permits May Attempt to Drive French and British Forces From Serbian Soil.

LONDON, Dec. 3.—It is expected that with the conclusion of operations against Serbia and the occupation of Monastir, the Bulgarian army, when the weather permits, will attempt to drive the British and French out of Serbia, while the Austrians will continue their efforts to overrun Montenegro. The Germans, with the aid of the Turks, and the available Bulgarians and Austrians, will turn their attention to the Russians, who are reported to have entered Rumania en route to Bulgaria. The French report that a German army is going to Gallipoli to aid the Turks in an effort to drive the Allies off the peninsula. It is hardly credited in London. It is believed the Germans are unable to spare the men and equipment for the venture.

The Turks have been displaying more activity at the Dardanelles, but it is believed this has been done with ammunition they have been collecting during the quiet period.

Hustak, on the Danube, west of the Rumanian border, is expected to be the point of concentration for the Germans, as a warning to Rumania that it would be dangerous for her to join the Entente and also to meet any Russian advance.

Some dispatches say satisfactory arrangements were reached between the Entente and Greece. Others aver the situation is unsatisfactory and state the Entente has reestablished restrictions about Greek commerce.

The Italians claim minor successes in the campaign against Austria. From neither press or public does the talk of ending the war find encouragement. The press and weekly reviews reiterate that Germany must be defeated.

WASHINGTON, Dec. 3.—No advices have been received from Ambassador Page in London, who was instructed to strongly protest to the British government concerning requisitioning of vessels of the American Trans-Atlantic company, without prize court proceedings.

Until Page replies no further steps will be taken by the State Department. It is expected Lansing will prepare a sharp note of protest with the demand that any case England may have against these vessels shall be disposed of promptly through the prize court, after it receives the report.

LONDON, Dec. 3.—Official quarters confirmed the requisitioning of the steamships Hocking and Genesee. It was stated the action was temporary and no procedure was contemplated which would prevent restoration of the ships to the American trans-Atlantic Steamship company if the actions of the prize court prove unsuccessful.

It was explained that England, having decided to centralize her prize proceedings in London against the trans-Atlantic vessels, the number being given as "several" in the requisition in reality only will cover trips from ports where the ships were captured to London, where the prize court takes control. Cargoes against which no proceedings were taken are being discharged. It is claimed the requisitioning is not unprecedented nor contrary to international law. It is asserted such instances occurred during the Civil War.

**INDIAN TSCAPES OFFICER**

LEAVENWORTH, Dec. 3.—Fred Big Top, the Indian convicted at Helena, Montana, of a statutory charge, en route to the federal prison to serve twenty years, leaped through the window of the train near St. Joseph, Mo., and escaped. He is over six feet and weighed 350 pounds. He was a former prominent athlete in an eastern school.

## EFFORT WILL BE MADE TO CUT OFF ESCAPE

Two Thousand Carranza Troops Leave Agua Prieta for Esqueda in Attempt to Cut Off Retreat of General Rodriguez.

EL TIGRE THOUGHT IN THE HANDS OF VILLA

Americans Recount Experiences Had in the State of Sonora With Troops of the Retiring Villista Commander.

DOUGLAS, Dec. 3.—Two thousand Carranza troops, under Generals Martinez and Lavatena, have moved to Esqueda, with the order to block the retreat of General Rodriguez toward Chihuahua. Railroad, telephone and telegraph service between Agua Prieta and Esqueda were resumed. No word was received from El Tigre. The telephone connection with Agua Prieta was cut. Mining company officials regard it almost as certain that El Tigre is in the hands of Villa men. It is said the camp is provisioned with clothing, food and powder. Major General Funston, it is reported has decided to return to San Antonio tomorrow.

John Cunningham and his two American companions are reported to be at Nacozari, where they were seen yesterday by R. F. Weitzel, who arrived here. He stated they were stripped of all their belongings by the Villa force which captured them near Calepala.

They were held prisoners until Colonel Aguilar's force pressed the Villa troops. They were then released. They were exhausted but anxious to return to the border. Fearful recapture they decided to remain at Nacozari.

Tom Lester, foreman of a cattle ranch twenty miles southwest of Cananea, arrived and reported that fifty Mexicans of unknown affiliation raided the ranch Wednesday. They demanded money and threatened to hang him when he defied them. He reminded them that there were no trees. They then liberated him.

**ROBBERY TERMINATES FATALITY.**  
NEW YORK, Dec. 3.—Allan Gardner, bank messenger, and George De Broas, his assistant, were mortally shot when De Broas attempted to steal a bag containing \$1,000 at the subway station. De Broas carried three revolvers, two hundred cartridges and a bag of black powder.

De Broas fired two shots into the head of Gardner, who carried the bag. As Gardner fell amid cries of the subway throng, De Broas threw away his revolver and seized the bag, and fled. Orlemans, another messenger, pursued him. De Broas drew a second revolver and fired. The bullet lodged in Orlemans' coat. Orlemans wrested the revolver from De Broas and fired twice, shooting De Broas in the back. De Broas dropped the bag and ran into Broadway, while he drew a third revolver, discarded his outer suit and crossed Union Square. He attempted to retrace his steps but was followed by a patrolman, who attempted to shoot. Gardner and De Broas died shortly afterward, from their wounds.

**STATE LOSES**

OLYMPIA, Wash., Dec. 3.—A warrant was issued and John Gillies, agent of the State Industrial Insurance Commission, was arrested charged with falsification of records. It is alleged the state lost a sum estimated between fifteen and thirty thousand dollars in fraudulent claims. He was released on ten thousand dollars bail.

**TYPHUS IN MEXICO**

MEXICO CITY, Dec. 3.—A typhus fever epidemic, among the lower classes of Mexico City has grown to alarming proportions and the entire population is terrified. The death rate exceeds one hundred and thirty daily and is growing. There are 1100 cases in the Federal District and neighboring towns. The authorities seem unable to cope with the situation.

**FATAL SHERIFF'S BATTLE**

LITTLE ROCK, Dec. 3.—A sheriff was wounded and two baggies killed in a desperate battle between a posse and bandits who attempted to rob an Iron Mountain passenger train, according to reports from Malvern.
